CUSTOMISATION

Choose how your brand appears.

Start with the effect you want, then confirm its suitability for your chosen product.

01

Internal laser engraving

For logos, architectural models and dimensional artwork inside clear crystal.

02

Full-colour UV printing

For colour-sensitive logos, award titles and personalisation on the crystal surface.

03

Surface treatments

For frosted effects and custom symbols. Confirm the finish and contrast in your proof.

Send a clear brief

Share your logo or artwork, recipient text and preferred position. For 3D subjects, include reference images or a model where available.

ORDERING GUIDE

A clear brief. A better quote.

Use these five details to help us prepare a quotation for your project.

01 Product & quantity

Include the exact item number and the number of pieces per design.

02 Artwork & decoration

Attach the logo, recipient list and preferred engraving or printing method.

03 Size & finish

State dimensions, base style, colour and surface finish where relevant.

04 Packaging & destination

Describe gift-box needs and provide the delivery country and postcode.

05 Required arrival date

Tell us when the products need to reach you, including the event date.

WHAT HAPPENS NEXT

Quotation and design review, followed by approval, production, inspection and dispatch. MOQ, sample terms, packaging costs, shipping and production dates are confirmed for each order.
